THANKSGIVING PROCLAMATION.

WASHINGTON, Nov. 3.—The following
proclamation was issued by the President
to-day:

A PROCLAMATION.—At no recurrence of the
season when the devout habits of religious people
have made the occasion of giving thanks to Al-
mighty God, and humbly invoking his continued
favor, has the material prosperity enjoyed by our
country been more universal. During the past
year, also, unbroken peace with all foreign na-
tions, the general prevalence of domestic tran-
quility, the supremacy and security of the great
institutions of civil and religious freedom, have
gladdened the hearts of our people and confirmed
their attachment to their government, which the
wisdom and courage of our ancestors so justly
framed, and the wisdom and courage their de-
scendants have so firmly maintained, to be the
habitation of liberty and justice to successive
generations. Now, therefore, I, Rutherford B.
Hayes, President of the United States, do ap-
point

THURSDAY, NOVEMBER 5th,
as a day of national thanksgiving and prayer,
and earnestly recommend that all citizens
themselves from secular cares and labors, the
people of the United States do meet together on
that day in their respective places of worship,
there to give thanks and praise to Almighty God
for his mercies, and to devoutly beseech their
continued aid.

ANOTHER GRAND VICTORY.

The Democratic party in Wisconsin
must now certainly be impressed with the
fact that there is a God in Israel, and that
the people will not be mocked neither
will they be deceived. That party now
understands that it is a fraud, that its aim
and purposes are to defraud the people, and
to destroy the faith of the Nation, and to
throw the government into the hands of
the reckless political schemers of the
South. The Republicans of Wisconsin were
alive to the fact that they had to deal with
the weightiest issues that have ever been
brought before the people of this country.
On the one hand the Democratic party of
the North had joined hands with the Con-
federates of the South in the attempt to
either starve the Government or to place
it under the domination of the very man
who sought to destroy it; and on the other
hand the Democratic party of the
North had joined hands with that faction
which attempted to rob the people of an
honest money, and which made every
effort to crush every business interest of
the country. These were some of the
issues in the campaign
of 1879, and they were met by a solid Re-
publican party, and with a boldness of
spirit and a fixedness of purpose, com-
mensurate with the importance of the ques-
tions at stake.

The result in Wisconsin is a bitter de-
feat to the Democratic party. It is galling
in the extreme, but not more so than the
party deserves. The administration of
Governor Smith has been one of remark-
able purity. It has been one of rigid
economy, and one marked by great
wisdom. He is an official
of unblemished character, a true Christian
gentleman, a worthy citizen, and an honest
man, and yet the Democratic press of
the State sought to blacken his character
and rob him of his good name; but these
machinations were brought to naught, and
his majority has been increased from 7,278
in 1877, to over 20,000 in 1879. This is
a vindication of his character as a man,
and his record as Governor of the State,
which does him honor, and of
which the Republican party feels
proud. The other States officers
also deserve the honors which the people
have bestowed upon them. They have
been faithful to their trust, and have re-
ceived their reward.

The victory is a grand one. It covers
the Republican party with glory, and
forever buries the old Democratic party.

LAWRENCE'S ELECTION.

The Republicans of the Second Assem-
bly District have elected Mr. F. S. Law-
rence by a majority of 457. This is a
splendid result. But it is hardly more of a
victory than the Republicans looked for.
Mr. Lawrence is a fit man for the office.
He can be trusted, and will do the District
and the party excellent service in the Leg-
islature. His opponent, Mr. Sexton, is an
old citizen, highly esteemed, but has no qual-
ifications whatever for an Assemblyman.
His friends and neighbors understood this,
and therefore could not give him their
support. He seemed to be sanguine of
success even in the face of the most dis-
couraging circumstances, which showed
that he did not understand the true con-
dition of things. He is too good a citizen
to be used in the way the Democrats have
used him, and they are to be censured for
giving him the nomination for no other
purpose than to see him knocked down.
He is not chosen in politics, and if they
put up a candidate to be defeated let them
put up a young man whose defeat would
not be of any consequence.

THE VOTE IN ROCK COUNTY.

Rock county has taken a noble part
in the great Republican victory of 1879. Two
years ago Governor Smith's majority was
1,755. In 1877 Ludington's was 2,016. In
1879, Governor Washburn received 2,068.
But in 1879 Governor Smith carries it by
2,500! It is the greatest victory for a Rep-
ublican in the history of the country thus far.

sionary Association met in this city on
Tuesday last. The able and eloquent pul-
pit orator, Rev. Dr. Storrs, of Brooklyn,
New York, delivered the annual address in
the First Congregational church, on the
same evening. My wife and myself had

distinguished divine. The church was

amidst a severe snow storm. Twenty thou-
sand persons viewed the remains.

vacancy in the United States Senate.

HILTON JUNCTION.

—Mr. Harry Blaker, a young man living
near the United Brethren church, west of
here, died on Thursday night last of scrofu-
lous affection of the heart. He had been
sick for some time. Funeral at the United
Brethren church on Saturday. Services
conducted by Elder Grover.

—Mr. Charles White, of Minneapolis,
Minnesota, was in town on Saturday making
a flying visit.

—Mr. Angus Wolan has rented a large
farm below the Blind Institute, near Janes-
ville.

—W. O. Burdick, for some time pest op-
erator at Breck, has thrown up his posi-
tion there and accepted a better one, as he
thinks, at Mason City, Iowa, whether he
went last week.

—Mr. C. S. Burton returned from Ver-
mont, on Wednesday night of last week,
having spent about three weeks in visiting
his aged parents, relatives and friends in
the Green Mountain State.

—Mr. Jerry Barnes, Esq., has moved out
to Whitewater, having leased a farm near
that place.

—It is seldom that a small town or pol-
lace like Milton is honored with presence
of the opposing candidates for the high
office of State Superintendent at the same
time, but such was the case here on last
Tuesday afternoon Supt Whitford and
Prot Searing both being in the voting hall
at the same time. We trust as old friends
and co-workers they did the generous thing
by shaking hands and voting for each
other.

—Tobacco growers are getting anxious
for a soft spell as the Spanish crop which
is nearly all sold is cured sufficiently to
strip them in case.

—Mr. A. S. Dunham moved onto his farm
near Otter Creek on Tuesday.

—The second crop of Spanish tobacco
which the warm weather matured to a
generous growth, and which many shelled, is
in all probability congealed during the late
frigidity.

—Mr. A. O. Vincent and Robert Miller,
both general traveling agents for machine-
ry houses, came home to deposit two votes
for Governor Smith on election day.

—Rev. Dr. Wardner preached on Sat-
urday morning last upon the subject of Death
His next sermon will discuss the subject of
Life. The last sermon was devoted
largely to antagonizing the views of the
Adventists on the subject.

—Mr. I. P. Morgan and family arrived
home from Arvin, Minn., on Monday
night. Mrs. Henry Gray came with them.
Mr. Gray and the boys are coming with
them.

—With the exception of an hour's spirit-
ed discussion over the merits of the Text
Book bill, election day was quiet and un-
excitable. There were five tickets in the
field.

—Mrs. Bellard and family left for
Minnesota on Monday night, to join her
husband at Urdand, Rice county, where
they propose making their future home.

WANTED

tered their flesh, and they lose no time in applying the antidote.

The wounds inflicted by the rattlesnake are very painful, the rattlesnake, when provoked, is the most savage of the serpents, and will continue to strike and lacerate an enemy as long as he is within reach.

Sometimes an old snake with full grown fangs will fasten upon the cheek or arm of an Indian and hold on until the fangs are torn from his jaw.

Mr. Mace, who witnessed one of the snake dances of the Moquis recently, and was horrified at the sight. He saw the blood streaming from the breasts of the Indians, who bore the pain with stoic indifference, and seemed to take pleasure in the infliction.

They believed that the more savage the snakes became, and the deeper the wounds inflicted, the more copious would be the rain.

On the occasion of the last snake dance the Indians of one of the villages refused to participate. For some reason they believed that the rain would come down without the dance, and while the other villagers were engaged in the ceremony, they sat idly in their houses listening to the noise and shouting of the unnecessary troubles their neighbors were taking.

Subsequently they had good cause to repent, for when the train came sweeping down from the mountains, it poured a copious flood upon the snake worshipping villages and their fields, and passed around the heretic village and their parched corn fields, leaving them as dry as a powder horn.

The result was that six of the seven villages raised abundant crops, and the other had to call on the agent for government rations.

Mr. Mace, who was formerly a resident of this city, and appears to be a truthful man. He was a spectator of the strange snake dance, but witnessed it from a safe distance, sitting on a walk overlooking the scene.

CATARRH
THE EYE, EAR AND THROAT
Successfully Treated with
SANFORD'S RADICAL CURE.
SUCCESS is the test of merit, and success in the treatment of Catarrhal Affections, after so many miserable failures, means undoubted specific curative properties in the remedy used. Does Sanford's Radical Cure for Catarrh possess specific properties? The evidence, in the shape of unsolicited testimonials from the most respectable persons in all stations of life, must be conclusive on this point. Never was a medicine so generally and so freely offered, in favor of any remedy than that in the possession of the proprietor of Sanford's Radical Cure. And valuable as it is, it does not cure Catarrh in all cases. It cures, however, all cases of Catarrh of the Eye, Ear and Throat, which are the result of inflammation of the mucous membrane of the eye, ear and throat, and which are the result of the action of the catarrhal poison on the mucous membrane of the eye, ear and throat. OLD ROCK!

It Is More Solid Than Ever,
and Will Not Be Blasted.

A Stalwart Majority Rolled Up
from Every Part of the
County.

Every Republican Assembly-
man Easily Elected, and
Every Town Booms
for Governor
Smith.

Great Republican Gains Shown
at Every Polling Place.

The Honest Republican Admin-
istration Receives a Tell-
ing Endorsement.

Victorious Results.

The election passed off very quietly yes-
terday in this city, and the result seemed
to be a foregone conclusion. In the after-
noon and as the time neared for closing
the polls there was a little more enthusiasm
shown, but it became so evident that the
Democracy had no show, that it was diffi-
cult to get up much of a boom on either
side. The work of balloting was done
decently and in order, and its results are
now a matter of conjecture no longer.

Last evening as soon as the returns began
to come in, the showing of such an over-
whelming victory for the Republicans sur-
prised even the stalwarts themselves, and
all became gloriously happy over the
count. The Gazette office was kept open
until a late hour, and the dispatches, which
flashed further victories over the wires,
were received and read aloud to enthusi-
astic listeners.

The day had been fairly won, and brought
a proud and glorious victory, which ex-
ceeded even the expectations of some of the
most sanguine.

The following is the result of the city

Smith a majority of 166, thus showing a
Republican gain in the city of 238. The
total vote on Governor in 1877 was 1376.
This year it is 1373, showing that the vote
was two more than at the last election, in
spite of the general impression of a light
vote having been polled.

and Center foots up 737.

In the other Superintendent District
Miss Cuckoo ran well, many voting from
gallantry and the novelty of the nomina-
tion, rather than from any dislike for Jones.
The latter rolled up a majority of 193 in
spite of this.

For Assemblymen all three Republican
candidates are elected: Lawrence receiv-
ing 247 majority, Burdge 97 and Lord
1291.

The majority of Whitford in the county
is estimated at 1795. His former majority
here was about 1200, showing a gain of
about 600.

BURGERS AT HANOVER.
Last night burglars broke into Brown
Bro's general store at Hanover. They
carefully cut the telephone line between
the store and the house, and then attempt-
ed to cut a panel out of the front door of
the store. Failing in this they pryed the
door open, and on entering attempted to
force open the safe, but failed, or were
frightened away. It cannot be told yet
whether they took any goods or not. The
burglary was not discovered until this
morning. One of the brothers was awak-
ened by a noise last night about 2 o'clock,
and rising dressed himself and looked out

of doors and around, and probably some-
one watching his house gave the alarm to
those at the store about thirty rods dis-
tant, which was the cause of their hasty
departure, without more plunder.

BRIEFLETS.
—The count counts.
—No arrests were made at the polls
yesterday.
—Trinity church entertainment at Lep-
pin's hall to-night.

—Nobles' Company is to show up at the
Opera house on the 12th.
—Regular meeting of the Young
Men's Christian Association to-night.
—Charles Packard, a farm hand, drunk,
was to-day sentenced to four days in jail.
—Miss Lizzie Battaglia returned home
from a very successful concert trip, north.
She resumes her classes to-morrow.

—John Malone was brought in drunk
last night, but being such a pitiable object,
he was let loose after getting sobered up.
—Mrs. Dr. Judd returned last night from
New York, where she has been spending
two months or so in visiting old friends.

—Johnny Harrington returned yesterday
from Minnesota where he has been at work
putting up telegraphic lines. He arrived
in time to vote.

—Let's see. Wasn't there a man named
Jenkins, who advertised himself at Lep-
pin's hall a little while ago, as candidate
for Governor?

—Thomas Austin, of Johnstown, turn-
bled off his wagon yesterday and fractured
his ankle. Dr. S. S. Judd was called to
attend to the injury.

—A horse belonging to Mr. Postle, who
lives beyond the Leyden house, broke
from a hitching post near Cannon's block
to-day, and made a dash around the Corn
Exchange turning the buggy over and
made it something of a wreck.

—The Janesville Guards will meet to-
night to decide concerning their proposed
trip to Chicago at the time of Grant's re-
ception. They have procured a special rat-
t, and it is desired that every member be
present to-night to vote on the question.

—A team belonging to Malcom Jamison,
of Harmony, started on the run yesterday
afternoon, and dashed along Milwaukee
street and across the bridge to the East
side. Kirby Wheeler, climbed into the
wagon, near the Graham house, caught up
the reins and stopped the team. Nobly
done. No damage.

—The American Express Company has
reduced its package rates as will be seen
by the card published in another column.
The prices are way down, and with ex-
pedienting an agent as Mr. Botsford and
as convenient an office as is located here,
the patronage of the Company under the
new order of things will continue to in-
crease.

—More voters are coming. Three more
have come to town. At last they will be
able to vote in one and twenty years from
now. One of the boys is the son of Mr.
and Mrs. G. W. Wheeler. Mr. and Mrs.
Henry have their first boy—a new comer.
Mr. Barup of the Northwestern road, is
also a happy father of a new boy. Such is
life in a growing city.

—To-morrow evening at the Opera
House will be given the great military
play of "Union Scouts." Miss Josie Turk-
of Milwaukee, will take the part of May
Meriton. She is said to be immense. The
play will bring upon the stage the Beloit
City Guards, and will be under the auspices
of the Janesville Guards. Sea's can be
secured at Mosley's.

—The Chicago Milwaukee & St. Paul
Railway Co., will sell tickets to Chicago
and return, for four dollars and seventy
cents, via Milwaukee, on November 10th
11th and 12th, good to return until Novem-
ber 17th. The society of the Army of
Tennessee meet in Chicago November 12th,
and General Grant's reception occurs same
date, also the "Fat Stock Show." This en-
ables persons to take them all in at a cost
of only about one and one half cents per
mile for railroad fare.

—Prof. Brander, the scientific optician
from Milwaukee, office and residence 235
Wisconsin street, will be here in a few
days, and may be found at the drugstore of
Stearns & Baker, with a fine collection of
spectacles and eye glasses, to suit the old
and young, near and far sighted. He fit-
tles by his own system to perfection,
and his prices are very moderate. He re-
fers to Dr. McCauley, Dr. Coryell, Giles
Fisher, James Holmes, and others, as to
his qualification as an optician, and the
quality of his glasses.

BISHOP GILMOUR, of Cleveland, Ohio
has used the Great German Remedy, St.
JACOBS OIL, and endorses it highly. He
writes about it as follows: "I am pleased to
say that the use of St. JACOBS OIL has
benefited me greatly, and I have no hesi-
tation to recommend it to all as an excel-
lent curative."

THE CIRCUIT COURT.
The calendar was called to day it being
the opening of the November term. The
criminal calendar will probably be moved
in a week or so. The case of Webb vs.
Taylor is now on trial, it being a suit to
replevin a pair of horses.

ATTENTION KNIGHTS.
A special meeting of Oriental Lodge
No. 22, K. of P. will be held at their Cas-
tle hall on Thursday evening, Nov. 6th, at
7 o'clock, to hear report of committee on
banquet, and to take action in reference
thereto. A full attendance of members is
requested. W. H. TOWLEY, C. C.

HYMENEA.
CARLE-MOHAET.
At noon to-day a quiet pleasant wed-
ding occurred at the residence of David
Jeffries, it being the marriage of John B.
Carle to Mrs. Mary Moust, a sister of Mrs.
Jeffries. Rev. J. W. Sanderson per-
formed the ceremony in the
presence of the immediate family, and af-
ter a repast had been partaken of, the new-
ly wedded ones took the afternoon train
for Chicago. Both parties have many
friends here, who will give them congratula-
tions in personal greetings as soon as op-
portunity affords.

STILL WALKING.
Jeffrey continues his weary tramp at
Apollo hall. At half-past 1 o'clock this

afternoon he was on his 1231 mile and
was in pretty good condition, except that
one foot had become tender. His time has
not been bettered since the opening.
To-night Prof. Saxena and his won-
derful trained dog: are to appear
at the hall in connection with the walk, and
at no extra charge. Friday night there is
to be a ten mile walk for amateurs, the
prize being a silver cup, which is on ex-
hibition at the hall. Three entries will be
required. Last night there was quite a
crowd of visitors, and the numbers in-
crease as the walk continues.

Among the Useful Toilet Articles
we notice a much liked preparation for
the hair, possessed of properties so re-
markable that no one who cares to own a
clean and healthy scalp with beautiful
hair should pass it untried. Its properties
are cleansing, invigorating and heal-
ing, and after a few applications the hair
ceases to fall. Dandruff and Humors dis-
appear, and the hair grows clean, soft and
silkly. It keeps the head cool and comfort-
able and gradually restores the hair, if gray
or faded, to the natural and life like color,
beautiful to look upon. It is Parker's
Hair Balsam that has won such popular
appreciation by its many excellent and
healthful properties. Sold in large bottles
at only 50 cents, and \$1.00, by all first class
druggists.

CITY NOTICES.
Fellows' Hypophosphites makes an old
person look years younger. "This witness
is true." Would that I could more widely
make it known for its many virtues. Long
may its inventor live to see the happy
fruits of his invention.

Loss of Appetite.
In persons of sedentary and literary pursuits,
if the brain is overworked and the muscles un-
derworked, the appetite is very apt to fail,
from a general atony of the system. The Præpar-
ation restores the tone of the digestive system,
and consequently the appetite, by supplying a
pure blood to organs too weak to take it without
aid. Sold by all druggists. Sold in Janes-
ville by Prentice & Evenson.
